NELSPRUIT MEDI-CLINIC
Nelspruit

Dear Madame,

Following our conversation yesterday we are sending the suggested letter, in the hopes Nelspruit Medi-Clinic might be of assistance.

In Portugal we are a non-profit Christian organization, with the category of a Non Governmental Organization for the Development - NGO_D.

Since the year 2000, at the time of the great floods in the Limpopo valley / Mozambique we have developed efforts, in cooperation with different businesses, humanitarian organizations and churches, to help our neighboring fellow people.

At the moment we are campaigning to collect a list of medicines and medical equipment, in order to assist a clinic which was built and donated to the Baptine [Sabie - Mozambique] Local Administration by a South African business man with whom we have been in partnership in these humanitarian initiatives. More information on these initiatives can be seen on; www.aurorama.org and www.tchumatchato.org

The initiative includes the setting up of a bore hole, which we are applying for a grant from both the Portuguese Government and the European Community.

In the meantime we would like to ask your assistance in helping us, in whatever way you may deem possible, to gather the items in the attached list.

With nothing else for the moment, we thank you in advance for your time in reading and pondering this request, and will wait for your kind reply, praying it can be a positive one.

Best regards and God bless,

Missionary João Rodrigues

Hello Brian,

I pray this one will find you well and happy. From here no complaints, thanks to the Lord!

Remember having told you Medi-Clinic was going to donate some items, after the soccer world cup?

Bellow is their approval message and the request to collect those items by tomorrow, August 13th at 11:00.

Real sorry that is so on top but I just received the mail now. Do you think you can do something about this, to send somebody there to do the collection? It would be a great blessing.

Then if you can arrange to deliver them at Sabie, or storage them until I get back beginning of next year, I would really appreciate as well as the people at the Moamba District Hospital I'm sure.

I will be praying the Lord to help all who will be involved in this to complete His good work.

Best regards and God bless,

João Rodrigues
