Non Governamental Organization for Development (NGO\_D)

w w w . a u r o r a m a . o r g

This Organization and its Project is in existence since the year 2.000, the time of the great floods which brought massive desolation to the Limpopo basin. Since then we have been busy at work to contribute and make the difference. Our sphere of action involves the Sabie region, both South Africa and Mozambique. Our work is 100% voluntary, depending solely on contributions and sponsorship from individuals and businesses, who see in us an opportunity to themselves make a difference. Help us to help others! God bless!
