**W**e both arrived in Portugal precisely 77 days ago, a little less than 3 months. In precisely 80 days, again a little less than 3 months, I will travel back to Africa God willing.

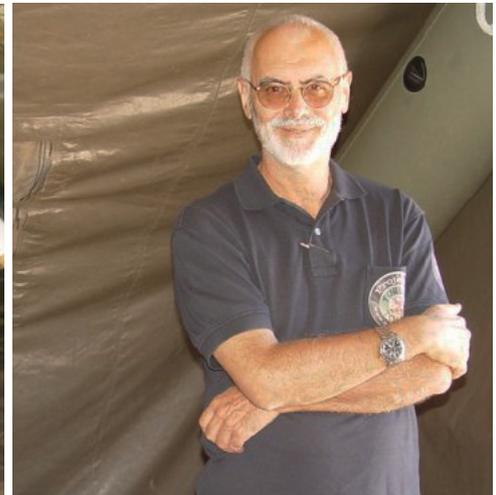

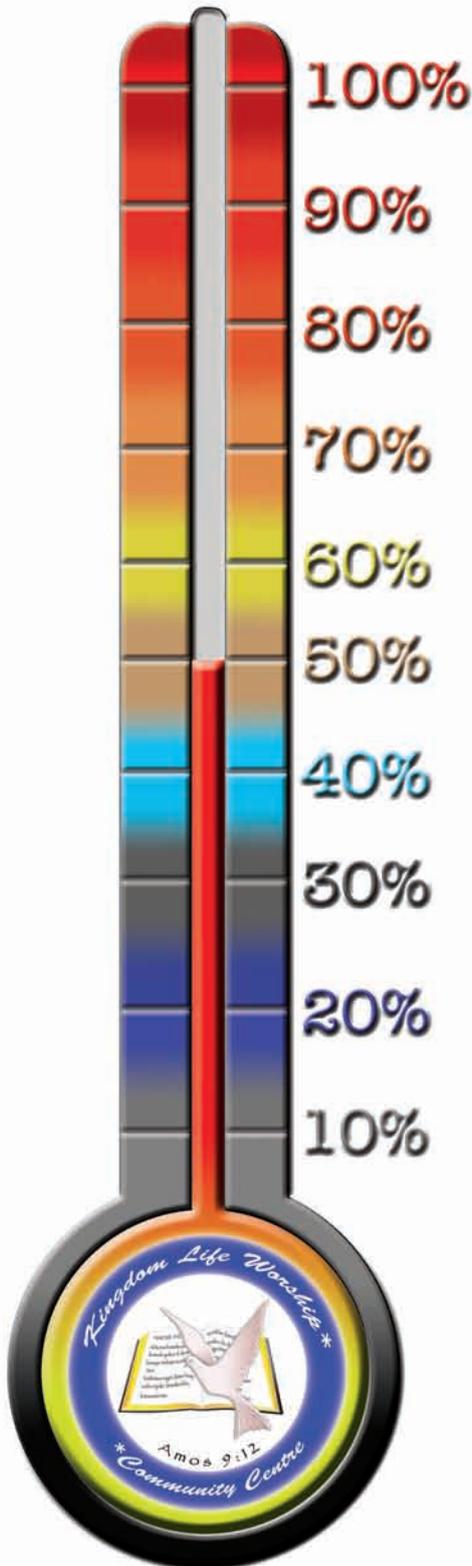

**C**onsequently this is the mid-term of our stay in Portugal during which we have been at work, not only

to achieve the funds needed to build the Community Centre, but also in the restructuring of the Association the Tchuma Tchato Project is part of.

**T**he thermometer to the left reads a temperature of 50%. We are half-way to the goal needed for the construction of the Community Centre, the scheduled Initiative for when we arrive in Barberton/South Africa, next October/November.

**I**t means we have gotten 10% so far, which is R10,000.00 or more or less €1.000,00.

**L**ast weekend, on the 20th, 21st and 22nd of July we were at the "Feira da Solidariedade" [Solidarity Fair] for the 3rd time in a row. This is an yearly fair organized by PVZ City Hall, where we had the chance to talk about the Initiative and tried to captivate the visitors to contribute and make the thermometer's "temperature" to raise.

**T**here is also a scheduled trip to the centre and south of Portugal, in the first half of September, to visit friends and sponsors, much like what has been done in the past.

**W**e express our gratitude in advance for any support given.

**G**od **B**less!!!
