

First of all wishes for a blessed 2017, where calm and trust that God is in control and that prayer has power to change things will be predominant.

So much so that after three years of standing by finally the opportunity arrived and I was able to travel to Mozambique.

With Claudia and Owen visiting we prepared a trip to Mozambique which happened

between December 26th and January 5th of this year. Eleven days to visit friends, distribute medicines and literature.

Considering my physical conditions I was rather astonished with what I was able to do. We camped, I walked on the sand and went in the sea, drove the 4x4 which was lent to us, on rainy terrain of

sand and mud, during approximately 1,200km.

Right at the entrance in Mozambique we stopped by Sabie and left three boxes of medicine, kindly donated by the Eksteen Chemist and the old Barberton Apteek Chemist. Thank you Simoné Eksteen and Nico Botha!

At Ponta do Ouro I met with Pastor Ernesto of the Baptist Church, whom I hadn't seen in years. We updated our friendship and I left with him some

inspirational books and posters. He is all excited to go and witness to the Chinese who are working in Mozambique.

I would like to go back in April. Then the rainy season will be over which will make it easier to go to the places where folks have been waiting for us.

Meanwhile, in Barberton we follow through with the partnership with Pastor Jabu and the "Kingdom Life Worship Community Centre." God willing this year we'll be starting a pre-school nursery. Please pray that God will open the doors to everything needed for this project.
